

Cryptography or cryptology is a method used to hide the meaning of a message. When a person wants their message to be secret, they create a code to protect that message. Draw a symbol for each letter.

That's your new alphabet! Create your own alphabet using symbols and use it to answer the questions below.

A=	B=	C=	D=	E=	F=
G=	H=	I=	J=	K=	L=
M=	N=	O=	P=	Q=	R=
S=	T=	U=	V=	W=	X=
Y=	Z=

MILITARY INTELLIGENCE

CHILDREN'S ACTIVITY PACKET

Elizebeth and William Friedman, famous cryptanalysts who broke codes for the United States during World War I and World War II. They are buried in Section 8.

Collecting intelligence requires paying close attention to the world around you. How many magnifying glasses can you find hidden in the picture below?

A WAVES (Women Accepted for Volunteer Emergency Service) military intelligence analyst operates a "bombe" code-breaking machine during World War II.

James Pryde

Section 46, Grave 556-558

- Radio operator with the Tuskegee Airmen during World War II
- Decoded electronic signals to gather enemy intelligence
- Served in high-ranking positions within the NSA
- Used his influence to share his experience and raise awareness about the need for more diversity
